

EarthCruiser was a BIG hit at the Overland Expo in Arizona USA.

The hundreds of eager travellers that dropped by our stand were a pleasure to spend time with.

LandRover were good enough to let us run EarthCruiser over their off road track.

We are very grateful to Michael for allowing us to have his EarthCruiser on our stand.

And he got an "excellent" mark by the LandRover off road instructors! (maybe that's why he is smiling?)
