

Customer Testimonial

February 2011

To whom it may concern

Following a five year extensive product research on expedition vehicles in Australia and overseas we became aware of Earth Cruiser on the 2009 Brisbane Truck Show.

Earth Cruiser met all criteria in one well finished package. Robust, capable, compact, appointed with practical accessories and the added bonus of transportability.

In all our dealings with the Earth Cruiser team, their enthusiasm, knowledge and passion about their product was ever present.

We can wholeheartedly recommend Earth Cruiser to anybody who is in the market for this kind of vehicle.
