*"I recently took delivery of EC7 and I am ecstatic about the result – its fun.*

*I pre-ordered my EarthCruiser along way in advance almost twelve months to suit my circumstances. This meant that I dealt with Lance and Michael over an extended period. The guys kept me informed every step of the way, dealt with all my questions, listened closely to my suggestions and discussed the details with me in a honest and frank way. This same approach has continued after delivery.*

*I have thoroughly enjoyed the experience."*
