

# *NEWS*

Hope you are very well!

New photos and video of our brand new OUTBACK 4x4 and 4x2 full size hard side camper are on our "what`s new page" at [earthcruiser.com.au](http://earthcruiser.com.au).

To help launch EarthCruiser OUTBACK 4x4 and 4x2 model`s together with very aggressive pricing we are **giving away three trips to the USA**. If you have any trouble down loading the details from our web site just shoot us an email and we will get them to you.

We have just finished the latest EarthCruiser EXP LWB with some new very handy features. While we were at it we did what we needed to do so LWB EarthCruiser`s can now be configured for a family of four travelers.

Hope to see you at the Queensland Caravan and Camping Show. We will have the new EarthCruiser LWB on the stand.....

P.S. We took the new 3litre auto for a drive. Notes are on the web site.

Happy travels from all us at EarthCruiser!
